PowerMax Complete

State of The ART Wireless Alarm System

The **PowerMax Complete** is a State of The Art, High Security Wireless Alarm System.

- **Wireless Technology:** to ensure that your Alarm can not be Scanned or Jammed, and is immune to other wireless signals such as other Alarm Systems, Car Alarms etc.

- **Wireless Encoding:** 24 Bit ID, over 16 Million Possible Combinations.

- **30 Individual Zones:** with Location ID "Front Door, Bedroom 1, Garage" etc.

- **8 User Codes:** Mum, Dad, Cleaner etc, with Full or Restricted access, great for keeping a Track of who has used the System, all with Time and Date.

- **99 Event memory:** Keeps a track of Users, Activations, Faults, Power Cuts etc, all with Time and Date, and available from the built in LCD Screen, with Audio Announcements.

- **Audio Prompts:** "System Armed", "System Disarmed", "Low Battery Kitchen" etc.

- **Security Auto-Dailer:** In the Event of an Activation, the Alarm System will make a call to 1-4 programmed telephone numbers and relay a Message "Alarm Activation Zone 1", "Fire Alarm Zone 4" etc.

- **Audio Verification Central Monitoring Ready:** 24 Hour Professional Alarm Monitoring, in the Event of a Burglary, Fire, Panic or Medical Activation the Alarm Receiving Centre can Listen In on your Premises, Talk to You and if necessary contact the Police, Fire or Ambulance Service to report the Event. (requires 12 month Monitoring Subscription)

- **Insurance Approved:** Installer Grade Alarm System
  - Conforms to: BS-EN50131 : 2006 Grade 2, Class 2
  - European Standard 686 MHZ
